DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 3, 5 – 11, 13 – 20, 22 – 25 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art made of record, in single or in combination, fails to disclose explicitly the limitations of "measuring the strength of the signal the base station receives in at least two consecutive time slots, wherein the difference in signal strengths is considerable enough to produce an erroneous bit decision if the difference exceeds a determined threshold value,

determining a first weighting coefficient by comparing the strength of the signal the base station receives in a time slot with the strength of the signal the base station receives in a previous time slot,

determining a second weighting coefficient by comparing the strength of the signal the base station receives in a time slot with the strength of the signal the base station receives in a following time slot,

reducing, using the first determined weighting coefficient, in soft bit decision-making in a decoder, the significance of at least one symbol at a beginning of a burst the base station receives in a time slot if the difference between the measured signal strengths is considerable enough to produce an erroneous bit decision, and

reducing, using the second determined weighting coefficient, in soft bit decision-making in the decoder, the significance of at least one symbol at an end of the burst the base station receives in a time slot if the difference between the measured signal strengths is considerable enough to produce an erroneous bit decision" as disclosed in claims 1, 2, 3, 9, 10, 11, 18, 19, 20, respectively.

3. Additionally, all of the further limitations in claims 5 – 8, 13 – 17, 22 – 25 are allowable since the claims are dependent upon the independent claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew C. Lee whose telephone number is (571) 272-3131. The examiner can normally be reached on Monday through Friday from 8:30am - 5:00pm.
